[New Starfruit Cafe Opening](#)

[Starfruit](#), the frozen kefir cafe, is opening a second location in Lincoln Park on Thursday. The grand-opening will have a live DJ and activities for kids served along with the kefir smoothies and parfaits. And, on Thursday only, each kefir purchase comes with a free topping. For Chicago parents facing a day with bored kids at home waiting for their teachers to finish filling out report cards, a little face-painting and frozen-treat outing might soothe a lot of pre-report card angst. The cafe is at 2142 N Halsted Street.
